

FIND THE RIGHT PIECE TO THE PUZZLE

Choosing the right indicator for your weighing application can be a daunting task, a little like finding a piece for a puzzle. Cardinal can help. We offer the premier digital weight indicator line in the scale industry. That product line just grew stronger with the addition of **Cardinal's new model 215**. Great for outdoor applications, the 215 features a 1-inch-high, 6-digit, crisp LCD display, rechargeable "AA" battery operation, 10 key, and stainless steel NEMA 4X/IP66 enclosure. With an indicator this great, buying one from the other guys seems a little, well... puzzling.
