

Cardinal Products Used In Highway Construction

ON THE JOB: Cardinal Scale's Serbian dealer Vaga Max used Cardinal load cells and a digital weight indicator in the installation of a truck scale for highway construction business VOJPUT in Subotica, Serbia, which is about 100 kilometers from Novi Sad.

The truck scale weighs truckloads of asphalt and stone used in highway construction.

Equipment Used:

- 8 Cardinal SCA-100K Compression Load Cells
- Cardinal 210 Digital Weight Indicator

Application compliments of:
VAGA MAX
